FOREWORD

As you leaf through the pages of the 1960 Cavalier, may the warm, happy memories of teachers, activities, events, classmates, that were a part of your life at New Kent High School return to you as vivid as they were in the living. We, the staff, hope that through the coming years, your yearbook will be one of your links with those folk who join in these recollections with you, whether all be physically miles apart or not.

Though shared by many, this Annual is uniquely yours, only yours.

DEDICATION

To express our appreciation, we, the Class of 1961,
dedicate our 1961 CAVALIER to Mrs. Charles Roberts. Her
sincere interest in us all, her patience with our imma-
turity, and her energy in helping us has lifted our school
life markedly.

PRINCIPAL'S MESSAGE

To the Class of 1961:

Twelve years ago we came to New Kent School together. This day was then so far off in your future that it had no reality for you. But through the years as we have worked with one another, we have reached out into that Future and made it the Past. And that far future has become the NOW in which we stand. I stand in it to say to you,

"Thank you for your twelve years of many successes emphasized by occasional failures; for twelve years of pleasure in sharing in the transmutation of children into young men and young women; for twelve years of just plain fun through companionship in academic and in athletic experience." And to say to you as St. Paul wrote to the Philippians, ". . . I hold you in my heart . . ."

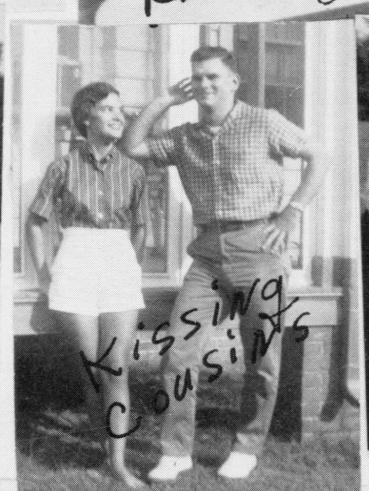

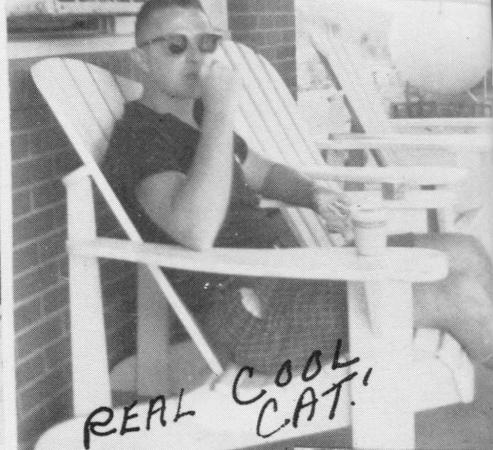

You, even with your Mercury feet, stand, briefly through it may be, held in this NOW by a sense of the Past through which we together have brought New Kent Elementary, New Kent Junior High, New Kent High School into larger, fuller service for our County. Because the Past has been so good, so full, so rich, there will be a bit of mist - not cold but with an enduring warmth - in the light as you run on to the course of the Future before you.

God speed each of you to the victory of a full and satisfying life.

Sincerely,

O. S. Mears

CLASS PROPHECY

While in New York, the class of 1961 visited a gypsy camped in Rockefeller Plaza. She read their tea leaves; and this is what she found:

James Christian, in the uniform of a famous Virginia Institute. James immediately saw a VMI Commandant handing him a diploma.

Patricia Couch, the secretary of a high school. The principal was standing by her desk. They were wearing matching wedding bands.

Judith Dean was pictured as married to the boy who now courts her. Following in her mother's footsteps, Judy's daughter will be editor of the 1980 CAVALIER.

The gypsy was puzzled by Wanda Dzula's future. A few minutes of deep concentration showed Wanda, a private secretary of Taylor Publishing Company.

Gerald Ellyson was told that he would become Director of the Fish and Wildlife Service, and that he would become a private flyer.

Mary Ellyson was told by the gypsy that she would marry the boy with whom she has gone for the past four years.

David Frank's tea leaves were electrically charged. The gypsy said that he would marry the girl who likes to wear his sweater.

Arthur Gathright, manager of the station where he now works, has quite a distance to commute to work from King William each day.

Carl Handley was pictured as Secretary of Agriculture, and in private life a rich and experienced farmer.

The gypsy told John Hodge that he would be a famous doctor at MCV. His tea leaves formed dollar marks, foretelling prosperity.

Jack King was seen as head of the Forestry Department, and still holding the title WGKC - World's Greatest Knuckle Cracker.

James Pearman was seen in the uniform of a Naval Chief Petty Officer. He will be accepted by the Three Stooges as their fourth member.

Glenn Priddy's tea leaves formed the letter "F." He was seen as an All-Star Football player. Mr. Comer is his coach.

Charles Simmons, having completed the final steps of the first successful rocket, the REBEL, is taking a trip to the moon with his wife.

Joyce Staskiel's tea leaves formed CTHCRSW - clerk-typist Hazelwood Car Repair Shop, Williamsburg.

Betty Walls was pictured as a famous organist, upon her graduation from Peabody Conservatory.

Charlotte Wooten was visioned as a private secretary for her husband's construction company that is located in Williamsburg.

David Ward was seen as an English teacher after his graduation from the University of West Virginia.

LAST WILL AND TESTAMENT

In the name of the County School Board, oh me! This, the ninth day of June, 1961, we, the Senior class of New Kent, being in weak state of health but of perfect minds, or vice-versa, thanks be to the faculty, and calling to mind the amazed uncertainty of grades that it is, nevertheless, appointed all mankind to be graduated after twelve years of school, do make this our last will and testament in typing as follows:

James Christian leaves his ability to catch flies in History class to whoever can; and his love for that "dear old 12th grade history" to Frances Craft.

Patricia Couch leaves her love for shorthand to Peggy Dean; and her position as catcher in softball to anyone who likes to be hit on the head.

Judith Dean leaves her old Annual dummy and all her headaches over trying to produce a successful Cavalier to Barbara Williams; and her love for Barhamsville to Joan Combs.

Wanda Dzula leaves her wit and her memories of Williamsburg to Walter Dzula.

Gerald Ellyson leaves his love for nature, especially birds, to everyone.

Mary Ellen Ellyson leaves her love for basketball and softball to Caroll Lee Stuck; and her love for French to Joyce Martin.

David Frank leaves his football position to David Moody; and his ability to have political debates on the bus to anyone who can stand the noise.

Arthur Garthright leaves his love for typing to Robert Boroughs; and his ability to collect more teachers' autographs than anyone else to the coming Seniors.

Carl Handley leaves his baby talk to Jeffrey Richmond; and his ability to be hit on the head with a football to Edmund Turner.

John Hodge leaves his curly hair to all the boys with flattops; and his Nixon pins to posterity.

Jack King leaves his title of Worlds Champion Knuckle Cracker to Mrs. Mears.

James Pearman leaves his love for football to Charles Wharff; and his ability to cause disturbances in class to anyone who can get by with it.

Glenn Priddy leaves his love for Plane Geometry to Lewis Barnnett; and his basketball position to Terry Lee Batkins.

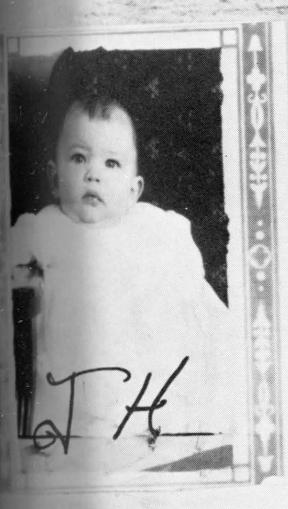

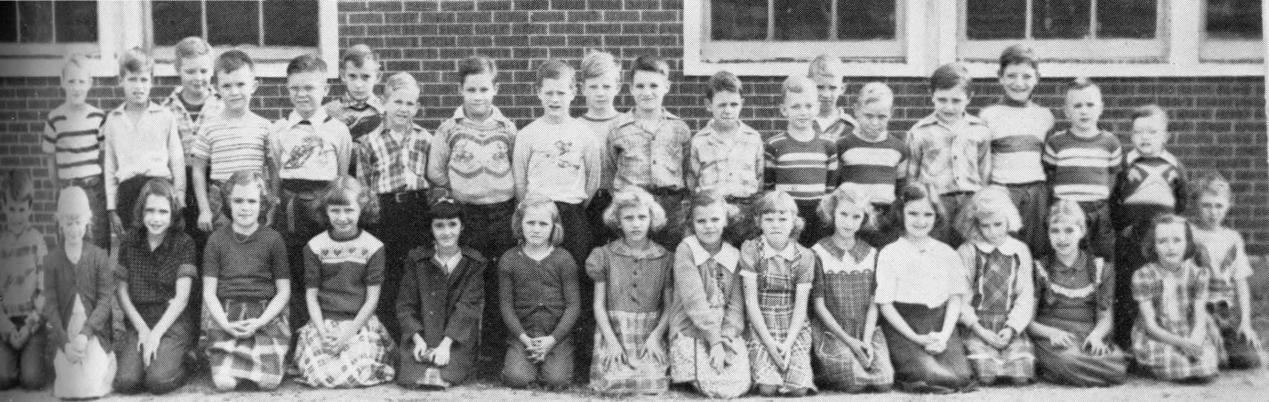

Charles Simmons leaves his ability to talk like Donald Duck to . . . Donald Duck; and his black hair to Reverend Couchman.

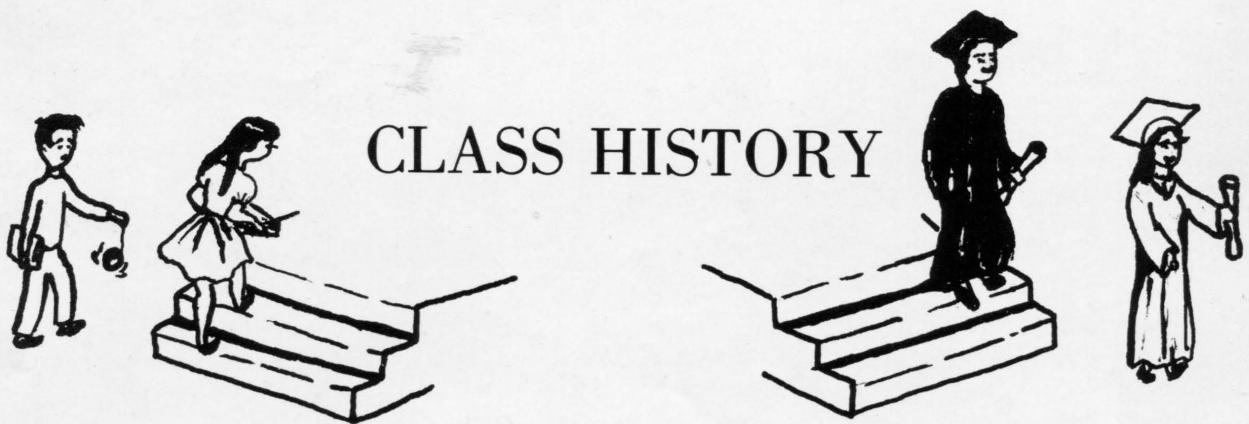

Joyce Staskiel leaves her love for Williamsburg and cars to Mable Dean.

Betty Walls leaves her love for playing the piano and organ to Charlotte Evelyn; and her ability to pop gum to anyone who wants all the cavities it causes.

David Ward leaves his love for Government to Bonnie Barfknecht; and his brains to the school.

Charlotte Wooten leaves her love to Toano and Williamsburg to anyone who is willing to stand the complication the situation brings.

CLASS HISTORY

Upon arriving at school in September, 1949, to enter the first grade, we were all met at the door by our teacher Mrs. Edwards. Mrs. Cornelia Perry was substitute teacher part of the year. Nine pupils of that class are being graduated in June. They are James Christian, Patricia Couch, Judith Dean, Gerald Ellyson, Mary Ellen Ellyson, Carl Handley, James Pearman, Glenn Priddy, and Betty Walls. We temporarily lost Joyce Staskiel and Wanda Dzula.

In the second grade with Mrs. Mary Anthony as our teacher, we had our first trip as a class. In the spring we went to Richmond on a sight seeing tour. We arrived in Richmond by train from Williamsburg. Charlotte Wooten had joined our group in November.

In the third grade, Mrs. Cecil Orange was our teacher. We took our second trip, this time to Yorktown. Jack King had joined our class that fall.

Miss Mary Christian was our teacher in the fourth grade. We learned our multiplication tables. While we were in this grade David Frank joined us.

Waiting for us in the fifth grade in 1953 was Mrs. Edgar Upp. She was the first teacher under whom we had those horrid examinations. In the May Day our class danced the Square Dance.

In the sixth grade we were under Mrs. Gertude Robbins direction. Wanda Dzula rejoined our class.

Mrs. Hugh Fisher was our teacher in the seventh grade. One early spring morning, Mrs. Fisher took us on an educational trip to Richmond, capitol of our commonwealth. We were guided throughout the Capitol Building where the General Assembly was in session. Across from

Capitol Square, we visited the State Museum which contains exhibits of Virginia's fauna, flora, minerals and many relics. For lunch we ate cafeteria style at the Hot Shop. This was a most delightful day, filled with many pleasant surprises. This year on the last day of school, we received our diplomas and were graduated into High School.

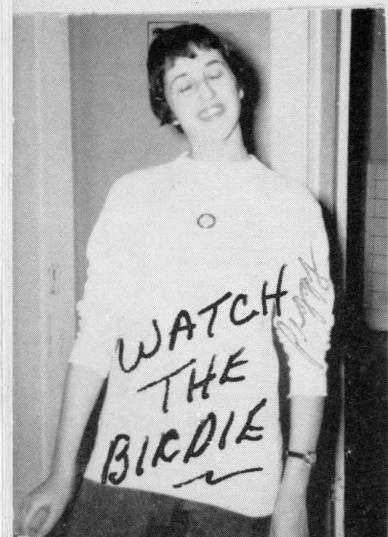

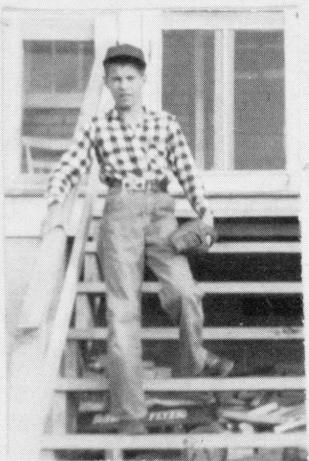

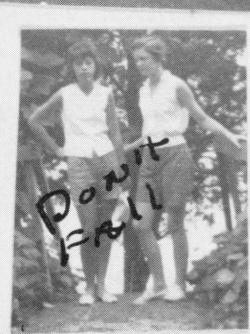

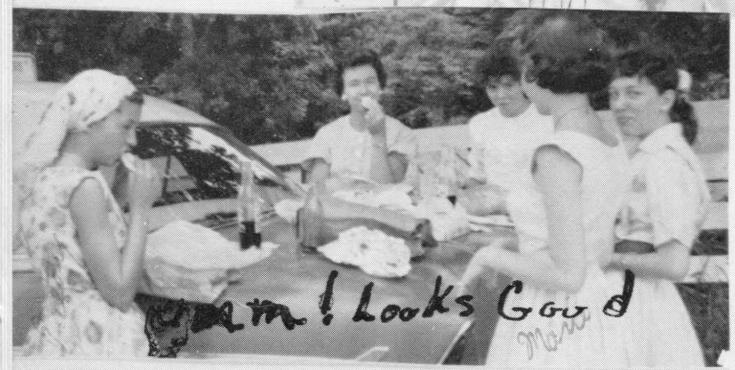

In the eighth grade, Mrs. Jacqueline Perry was our Home Room teacher. This was our first year of high school. We went on a class trip to Moores Lake this year. Jimmy Pearman was our class president. We were represented in the Homecoming Court by Betty Walls and in the May Court by Judith Rumsey.

Mr. George Waldrop put up with us in the Ninth Grade Home Room. Algebra and Latin were added to our studies. We increased our funds by having a party after a football game. John Hodge was class president. Wanda Dzula represented us in the May Court.

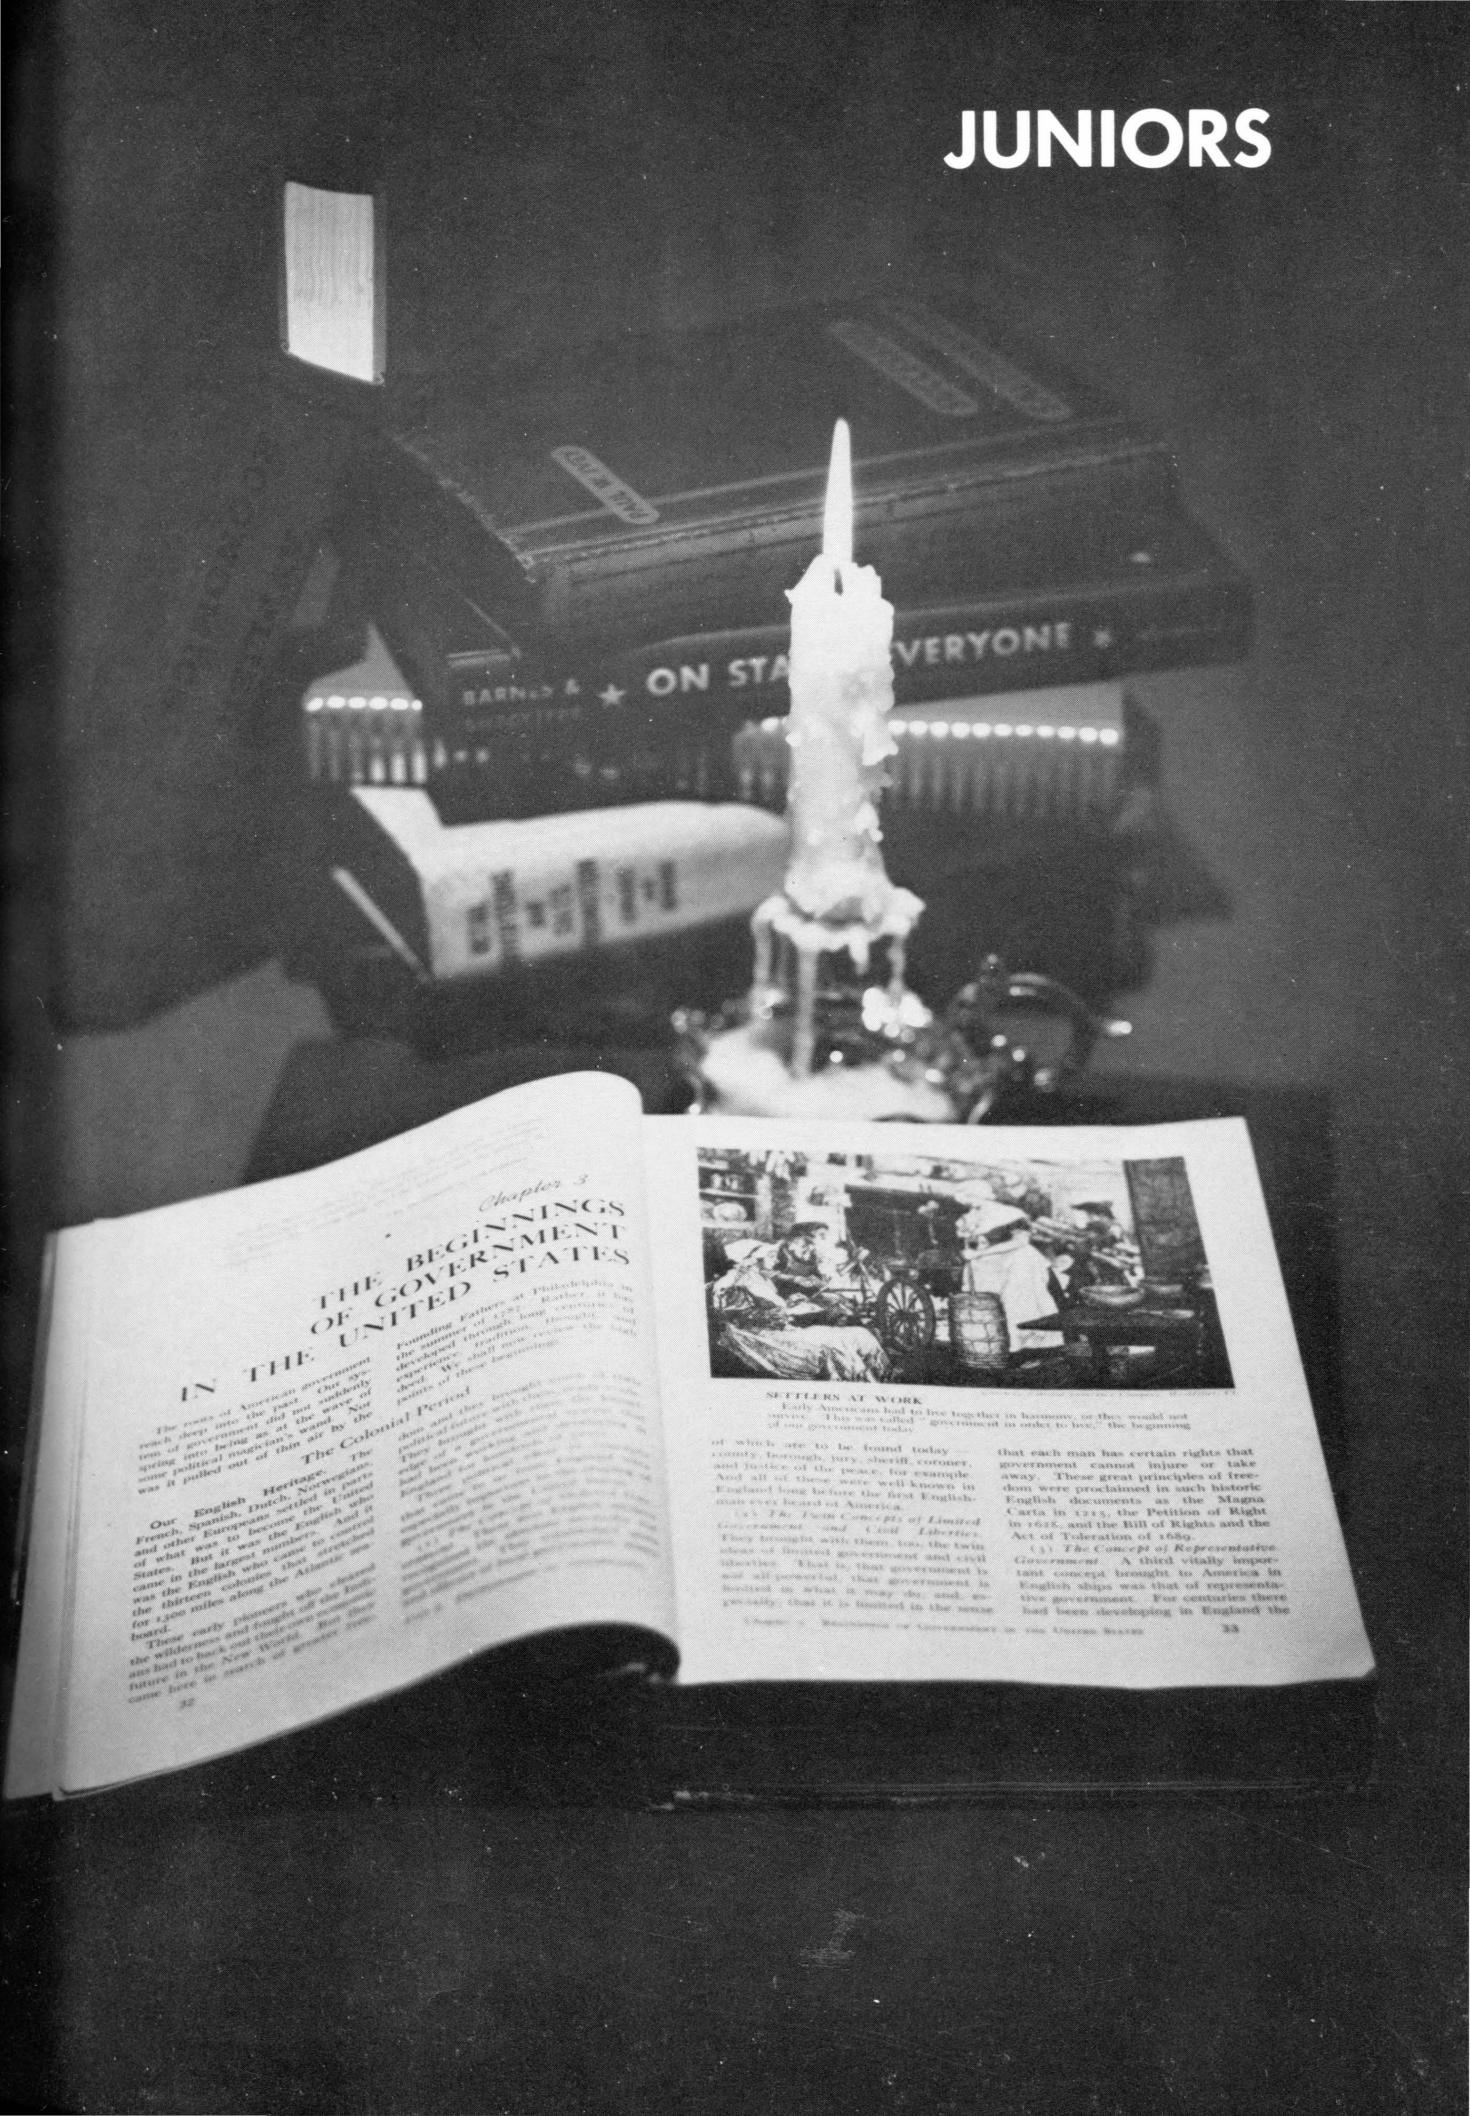

In the tenth grade Miss Clarence Garland was our Home Room teacher. We had been a big class but this year it decreased in number. Betty Walls was our class president and also represented us in the May Court.

At last we became Juniors and we realized that graduation wasn't far away. Mrs. Paul Richmond was our Home Room teacher. The high lights of the year were: our very successful play, "Deadly Earnest" with Mrs. Temple Pomfrey directing us; the Junior-Senior Prom whose theme was "Cinderella Ball" and the Banquet. Charles Simmons and Arthur Lee Gathright joined us. This was the year we received our class rings. Wanda Dzula was our class president and she also represented us in the May Court.

Mrs. Oscar Mears is our Home Room teacher in our Senior year. David Ward joined us. There are nineteen of us including Joyce Martin, who is a graduate student. We sponsored the Shack during football games. We had the Senior Play called "House of Strangness" with Mrs. Mears directing us. Jimmy Pearman is our class president. We are looking forward to our Class Trip to New York and graduation Day.

JUNIORS

The roots of American government reach deep into the past. It was not spring into being, but rather it has some political momentum, a wane, and a pull. It pulled out of thin air by the

French, Spanish, Dutch, Portuguese, and other Europeans settled in America.

Our English Heritage. The States, but it was the English who came in the largest numbers. And who was it that became the United States? It was the English who came for 13,000 miles along the Atlantic coast.

These early pioneers who cleared the wilderness and fought off the Indians had to hock out their own future in the New World. But they came here in search of greater opportunity.

32

Chapter 3 IN THE BEGINNINGS OF GOVERNMENT IN THE UNITED STATES

The Colonial Period

Founding Fathers at Philadelphia in

the summer of 1776. Rather, it has

developed through long periods of

experience, tradition, thought, and

deed. We shall now review the high

points of these beginnings.

colonial and then territorial nature of early

political life in America clearly emerges.

Their struggle with those they knew

either at a great remove or close at hand

had been a working one throughout the

English colonies for almost a century.

These Americans were a people who

were usually responsible for their own

government. They were the ones who

represented the others. They were the ones

who made the laws, who collected the

taxes, who enforced the laws.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

They were the ones who took care of

the public health.

They were the ones who took care of

the public welfare.

They were the ones who took care of

the public safety.

Paper and Careers *for the future*

TODAY there are more than 100,000 different uses for paper . . . and the search for new uses never ends. That is why this fast-growing industry is now the fifth largest in the country . . . and why it needs trained researchers and technicians for future growth.

Our company, a pioneer kraft manufacturer, joins with other mills in sponsoring college scholarships in paper technology. It also offers scholarships for study in a subject of the student's choice. For information, write: Public Relations Department —
